Global Data Analysis, Storage & Management Market, 2018-2024 (USD Billion)

Global Data Analysis, Storage & Management Market: Key Dynamics

Drivers

- Large data generated in the life science research
- Enterprise mobility & technological advancements
- Application and demand in personalized medicine offers extensive opportunities for the market players
- Dell, HPE & IBM are leading players in the market and invested largely in new product developments in order to meet with the customer demands

MARKET OVERVIEW

SAMPLE PAGES

The analysis represents a XX⁰ data validation and is based on extensive primary research conducted with stakeholders and key opinion leaders across the Data analysis, Storage & Management market. From interviews with different industry participants, insights were collected to analyze the data in countries such as U.S., Germany, U.K. and France. The different types of respondents interviewed are represented in the below charts.

GLOBAL DATA ANALYSIS, STORAGE &
MANAGEMENT AND HPC MARKET

SAMPLE PAGES

Fig. 17 Global Data Analysis, Storage & Management Market, 2018 Vs. 2024 (USD Billion)

MAJOR DRIVING FACTORS

- Increase in data generated from life science applications
- Continuous technological advancements providing precision in analysis
- Need for data accessibility without a location barrier

OPPORTUNITIES

- Increasing research in personalized and precision medicine
- Need for control of operational costs in pharma and life sciences companies
- Need for secured data transmission and encryption

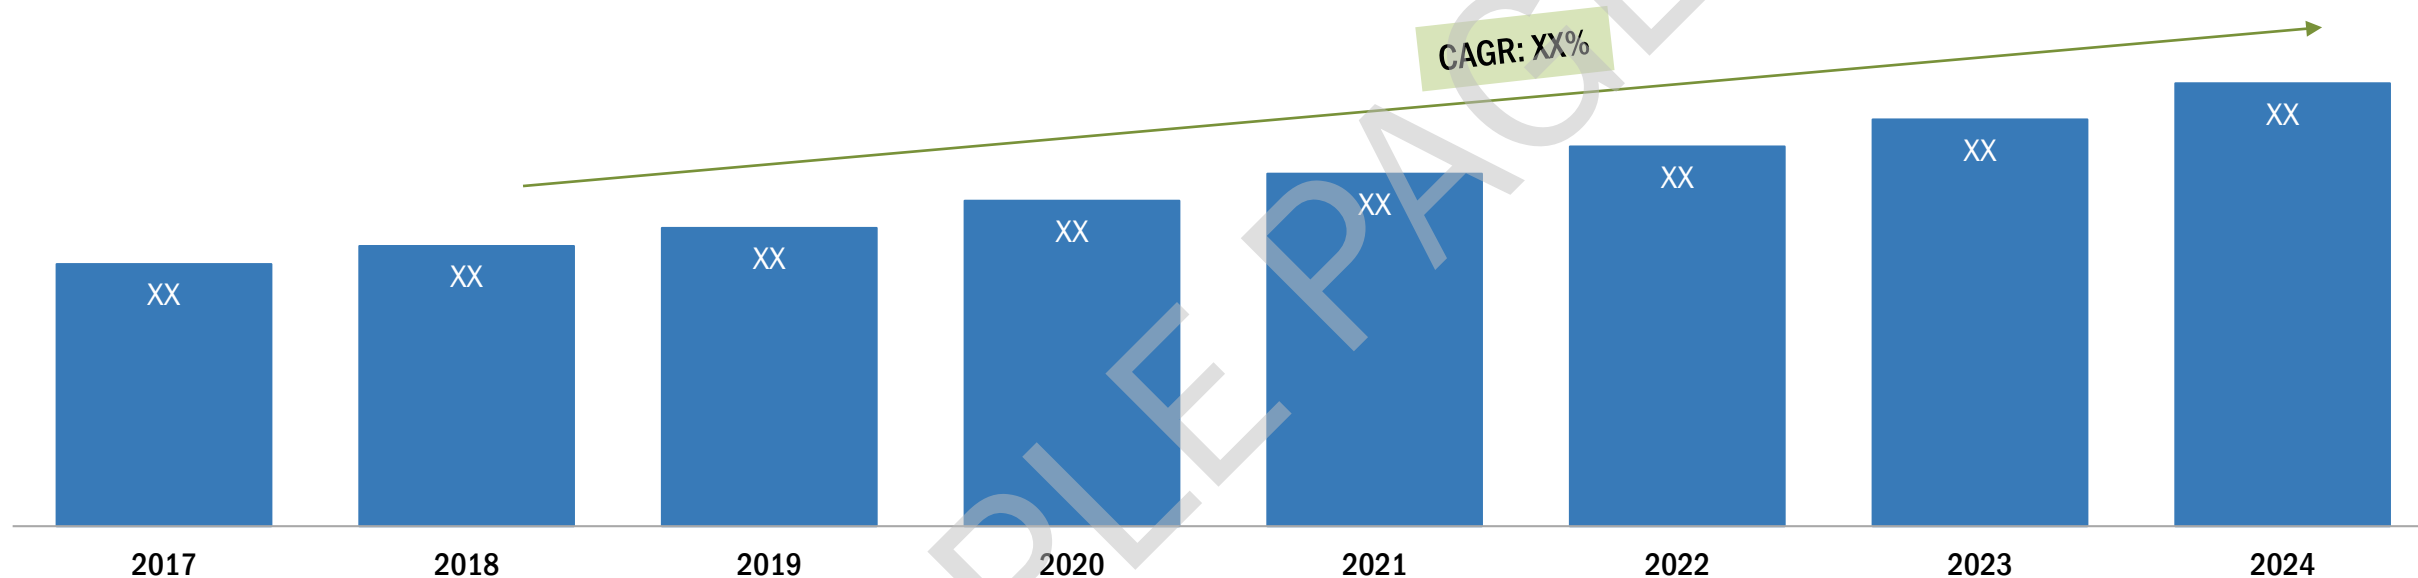

GLOBAL HPC MARKET

HPC market will grow as the GPU accelerators continue to gain fast traction for cellular simulation

Fig. 18 Global HPC Market, 2018 Vs. 2024 (USD Billion)

MAJOR DRIVING FACTORS

- Intensive demand arising from NGS, spectroscopy and cryo-electron microscopy
- Bioinformatics has seen the introduction of novel methods such as text mining, pattern recognition and evolutionary computing, which are executed with the help of HPC

MAJOR OPPORTUNITIES

- The increasing demand for acquiring petascale capabilities
- GPU accelerators are gaining momentum for simulation

GLOBAL DATA ANALYSIS, STORAGE &
MANAGEMENT MARKET, BY GEOGRAPHY

DATA ANALYSIS, STORAGE & MANAGEMENT MARKET, BY GEOGRAPHY

Increasing adoption of cloud solutions in institutes across Germany would help in its accelerated growth

Fig. 24 Data Analysis, Storage & Management Market, By Geography, 2018 Vs. 2024 (USD Billion)

- With a large number of pharmaceutical and biotechnology companies focusing on drug development, the U.S. dominates the market
- Several institutes in the U.K. are adopting cloud based solutions resulting in this market large share

"The U.S. is contributing significantly to the cloud and data storage market owing to the presence of large commercial enterprises, labs and private organizations that have the capacity to make huge investments. Also, U.K. will be the next country witnessing the adoption of cloud services and solutions but at a slower pace as compared to the U.S.."

- Senior Manager, Leading Solutions Provider

U.S.: DATA ANALYSIS, STORAGE & MANAGEMENT MARKET, BY PRODUCTS & SERVICES

Growing need for enterprise mobility & security will lead to adoption of cloud solutions

ABOUT US

MarketsandMarkets™ is the world's largest revenue impact company, serving over 7500 customers. 80% of top 2000 companies globally rely on us for identifying new high growth and niche revenue opportunities. In the face of constant technology innovation and market disruption, we help organizations plan and operationalize their future revenue mix decisions by identifying over 30,000 high growth opportunities ranging from \$1B to \$500B across 90+ industry trends and markets. Organizations choose MarketsandMarkets™ to stay ahead of the curve and accelerate their revenue decisions and implementations by 6 – 12 months, giving them a unique, first-mover advantage. Our revenue impact methodology provides quantified and actionable insights on converged, granular and connected market eco-systems that result from disruptive technologies and high-growth markets. We provide an extended lens on not only what will impact our client's revenue but also what will impact their clients' revenues, continually uncovering latent opportunities.

We work across all major B2B industries with C-level executives in functions such as Strategy, Marketing, Sales, R&D, Product, and M&A. MarketsandMarkets™ brings exclusive high-growth markets intelligence generated by over 850 SMEs and analysts along with its proprietary Revenue Impact platform (Knowledge Store).
